PHOTO SHOOT STYLE GUIDE

OUTFIT INSPO

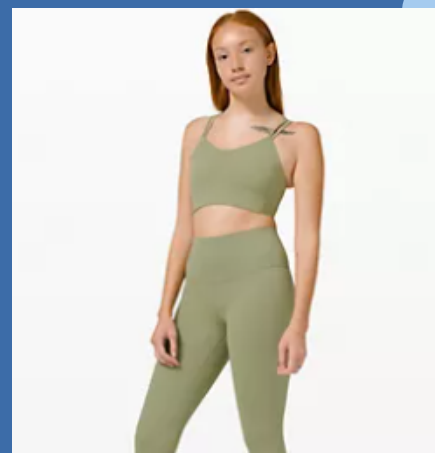

If you can bring an extra outfit change that we would be great, so we can shoot two looks. As far as what to wear goes, we want to show off your muscle and strength so tighter is better than super loose fitting clothing.

- Leggings (bright colors, NO black)
- Shorts (nothing too short)
- Tank Top
- Sports Bra
- Tennis Shoes

THINGS TO AVOID

- Stripes and Patterns
- Large Branding and Logos
- Black clothing
- Skin Toned Clothing
- Neon Colors

HAIR

Hair should be pulled back out of the face. We don't want your face to be covered in pictures!

Have your make up done. Nothing dramatic, just a simple look will be perfect. Your nails need to be neat (either fully painted or clean).
